

(This Ruling has been revised / superseded vide Valuation Ruling No. 1309/2018 dated 05-07-2018)

**GOVERNMENT OF PAKISTAN
DIRECTORATE GENERAL OF CUSTOMS VALUATION
CUSTOM HOUSE KARACHI**

The Collectors of Customs, Model Customs Collectorates, Appraisement (East / West) / Port Qasim / Preventive, Karachi / Lahore (Appraisement / Preventive) / Sambrial (Sialkot) / Faisalabad / Multan / Islamabad / Hyderabad / Quetta / Peshawar / Gawadar / Gilgit-Baltistan.

**DETERMINATION OF CUSTOMS VALUES OF
MEDIUM DENSITY FIBER BOARD (MDF BOARD)
UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING No. 873/2016)

No. Misc/1/2007-III

Dated: 21-06-2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Medium Density Fiber Board (MDF Board) are determined as follows:-

2. Background of the valuation issue: Customs values of Medium Density Fiber Board (MDF Board) and various value-added MDF boards were determined vide Valuation Ruling NO.815/2016 dated 29-1-2016. The ruling was challenged u/s 25D of Customs Act.1969 before the Director General of Customs Valuation. The Director General (Valuation) vide Order in Revision NO.181/2016 dated 12-5-2016 directed to segregate and de-club the values of Sri Lankan origin goods from Indonesian, Malaysian, Thailand, Vietnamese, Chinese, New Zealand and Turkish origin in terms of freight and difference in values. Accordingly, values have been determined origin-wise. Invoices and import documents of Malaysian and Sri Lankan origin goods have been endorsed attested and forwarded by the Malaysian and the Sri Lankan embassies respectively, with remarks that their prices are correct. To ascertain current prices prevailing in the international market, in accordance with specific instructions of Director General's Orders and honorable Court Orders vide CP No. D-6918/2015, an exercise to determine the customs values of Medium Density Fiber Board (MDF Board) and its value added products were undertaken by this Directorate General.

3. Stakeholder's participation in determination of Customs values: Meetings with stakeholders were held on 27-04-2016 and 09-06-2016. Meetings were attended by the commercial importers including Karachi Timber Merchants Association as well as by local manufacturers of MDF Board such as the representative of M/S. AI-Noor Suger Mills, M/s. Thal Pvt Ltd and M/s. Peshawar Particle Board etc. Before meeting all participants were requested to bring all relevant documents, test reports, literature, Sales Tax Invoices, GDs and other relevant papers along with their proposals in writing. All the importers of subject goods from all origins were represented in the meeting and point of views of each stakeholder was heard in detail. The local Manufacturers like M/s. AI-Noor Suger Mills and M/s. Peshawar Particle Board insisted that the prices in the international markets are higher than those being claimed by the importers. Market enquiry also conducted by this Directorate General. Similarly in order to ascertain the correct value, the importers were requested to furnish Sales Tax Invoices showing the price on which they were selling it to end users. On this, they showed reluctance however commercial invoices, bills of lading and other available import documents were thoroughly scrutinized to obtain maximum information regarding the thicknesses of the imported MDF sheets of various origins/manufacturers and their corresponding weights per sheet, so as to determine the customs value. The viewpoints of importers, manufacturers and those importing from different origins is not only conflicting but quite adversarial in this context and instead of helping the Directorate General in deriving at the Custom values, attempted to create hindrances. Their insistence on two units of measurements is also not tenable. The component of freight, Sri Lanka's concessionary treatment due to exclusivity agreements, de-clubbing the origins etc. were few other contentious issues. The Malaysian importers however agreed on the unit of measurement to be

Kilograms by and large. The argument forwarded by some importers that making unit of measurement as per tariff will lead to import of lesser density fiber boards is outside the scope valuation directorate and this may be agitated at relevant for as. In this context it is pertinent to point out that actual variation of weight of sheet per thickness and density of the goods imported from various countries are not a constant factor and they may slightly vary from origin to origin, manufacturer to manufacturer and furthermore these may also vary from one batch to the next batch of manufacturing, depending on the demand of the importer. In order to tackle this issue the declarations of the importers have been given due importance and the weights per sheet in above table are as per declared by the importers and these declared weights per sheet corroborated with the weights per sheet in market survey.

4. It was further observed that uniformity and consistency in computation of duty/taxes gets compromised due to simultaneous usage of two units of measurements in the valuation ruling i.e. Kilograms and CBMs. The unit of measurement was provided both in kilograms and CBMs in the last Valuation Ruling, with the condition that duty/taxes would be computed on "whichever figure is higher", however this lead to a grey area susceptible to misuse due to the relatively complex relationships between unit weights, density, thicknesses, CBMs, claimed free thicknesses etc. leading to calculation anomalies and hence inviting distortions in examination and assessment. Therefore, for the sake of uniformity and consistency and to be in line with unit of measurement provided in the customs tariff, only kilograms is the unit of measurement provided in this Valuation Ruling based on following grounds:-

- Kilogram is the only unit of measurement provided for quantification of subject goods in Pakistan Customs Tariff (The First Schedule to the Customs Act, 1969) read with relevant CGO which is in line with WCO guidelines on the matter.
- For the purpose of uniformity and consistency in computation of duty/taxes, so that no anomalies remain.
- Furthermore, it is pertinent to place on record that historically assessment/clearance of subject goods has been done on weight (Kilograms) basis. In this regard, it is noteworthy that earlier valuation ruling No. 344/2011 dated 23-06-2011 was also based on weight (Kgs) basis.

5. **Method adopted to determine customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were applied sequentially to address the valuation issue in hand. Transaction value method under Sub-Section (1) of Section 25 of the Act, 1969, was found in applicable because it is generally known to all that most of the invoices are manipulated/fabricated locally, hence, total reliance thereon cannot be made to ascertain the correct transactional value. Identical/similar goods value methods provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case which provided some reference value of the subject goods but the same could not be relied on due to the reason that the importers usually switch over to other type and varieties of similar goods to avoid the Valuation Ruling. The information available was, therefore, not appropriate. Market enquiry as envisaged under Section 25(7) of the Customs Act, 1969 was also conducted by this Directorate. The computed method as provided under Section 25(8) of the Customs Act, 1969 could not be applied as the conversion costs, from constituent materials, actually incurred by factories of the various countries of export were not available. Finally, import data obtained from PRAL was analyzed and international prices from various sources on internet were also checked. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values. Consequently, the customs values of Medium Density Fiber Board (MDF Board) have been determined under Section 25(9) of the Customs Act, 1969.

6. **Customs Values of Medium Density Fiber Board (MDF Board) hereinafter specified** shall be assessed to duty/taxes on the Customs values mentioned against them in the Table below:-

A.

7. In cases where declared/transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values determined in this Ruling.

8. Validity of Valuation Ruling: The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) or Section 25-A of the Customs Act, 1969.

9. Revision of the value determined vide this Valuation Ruling: A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue, before the Director General, Directorate General of Customs Valuation, 1st Floor, Custom House, Karachi.

10. The Collectors of Customs may kindly ensure that the values given in the Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of Directorate General immediately for redressal

11. *This Valuation ruling supersedes Valuation Ruling No 0815/2016, dated 29-01-2016.*

(DR. WASIF ALI MEMON)
Director
