Under Section 25-A of the Customs Act, 1969

(VALUATION RULING No. 896/2016)

NO. Misc/03/2011-VI

Dated: 29-07-2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Manicure/Pedicure Set, are determined as follows: -

2. Background of the valuation issue: Since the previous Customs values of Manicure /Pedicure Set determined and notified vide Valuation Ruling NO.382/2011, dated, 06-10-2011 were more than four years old, an exercise was undertaken by this Directorate General to revise the same according to trends prevailing in the current international market.

3. Stakeholders' participation in determination of Customs values: Meetings for the determination of customs values of Manicure/Pedicure Set with stakeholders were scheduled on 12-07-2016 and 29-07-2016. All the participants were requested to submit the following documents so that correct customs values could be determined:-

- i) Invoices of imports during last three months showing factual value.
- ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii) Copies of Contracts made/LCs opened during the last three months showing the value of item in question.
- iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. The requisite documents were not submitted by any stakeholders and none appeared in any of the meetings.

5. Method adopted to determine Customs values: Valuation methods provided under Section 25 of the Customs Act, 1969 were followed. Transaction value method provided in Section 25 (1) was found inapplicable because the requisite information was not available. Identical/similar goods value Methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied upon due to wide variation in declared values of subject goods. Deductive Value Method as envisaged under Section 25 (7) of the Customs Act, 1969, was examined and local market enquiry was conducted to obtain market selling prices of the said goods. The methodology under Section 25 (7) of the Custom Act, 1969, was relied upon to determine the customs values of imported goods under Section 25A of the Customs Act, 1969.

6. Customs values for Manicure /Pedicure Set: Manicure/Pedicure Set hereinafter specified shall be assessed to duty/taxes at the following Customs Values:-
