**DETERMINATION OF CUSTOMS VALUES OF DESICCATED COCONUT UNDER
SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING No. 1012/2017)

No. Misc/76/2016-I/111

Dated: 13th January, 2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969 assessable customs values of Desiccated Coconut are hereby determined as follows:-

2. Background of the Valuation Issue: This Directorate General had earlier circulated reference values vide Valuation Data Base letter 141 dated 30-12-2016. However, Pakistan Kiryana Merchants Association approached this Directorate General and requested to issue valuation ruling for subject goods, pointing out various issues in uniform applicability etc. of the Reference values circulated vide VDB letter No. 141 dated 30-12-2016. Therefore, this Directorate General initiated an exercise for determination of customs values of Desiccated Coconut.

3. Stakeholders' Participation in Determination of Customs Values: Meetings for the determination of customs values of Desiccated Coconut with stakeholders were held on 03-01-2017 which was duly attended by all the stakeholders. All the stakeholders strongly contended and requested that the said Valuation Data Base may be reviewed in the light of prevailing international and local market prices. The different importers, who were of the view that the actual prices of Desiccated Coconut were lower than that determined vide VDB letter No. 141. Further, to determine the veracity of their stance, the stakeholders insisted to conduct fresh market surveys from wholesales market for determination of customs values of Desiccated Coconut.

4. Method Adapted to Determine Customs Values: Valuation methods provided in Section 25 of the Customs Act, 1969 were duly followed and applied sequentially to address the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section 25 was found inapplicable because the requisite information under the law was not available to arrive at the correct transaction value. Furthermore, no invoices found from inside Import-containers are reported by clearance collectorates. Identical / similar goods value method provided in Sub-Sections (5) & (6) of Section 25 *ibid* were examined for applicability to determine Customs value of subject goods, this data provided some references, however, it was found that the same cannot be solely relied upon due to the absence of absolute demonstrable evidence of qualities, and quantities of commercial level etc., and also it was observed that same importers provide misleading description while declaring goods, as other types and varieties of similar goods to avoid the application of valuation ruling. Information available was, hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted a market inquiry using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969, however, it was found that the determination of Customs value could not be based solely upon this method either. Therefore, valuation method provided vide Section 25(8) of Customs Act 1969, could not be applied as the conversion cost from constituent materials and allied expenses, at country of export were not available. Finally, Pral database, market information and international prices through Web were examined thoroughly. All the information so gathered was analyzed for determination of Customs Value of the subject good. Consequently, the Fall Back Method as provided under section 25(9) of the Customs Act, 1969 was applied to arrive at assessable customs values of Desiccated Coconut.

5. Customs Values for Desiccated Coconut: Desiccated Coconut hereinafter specified shall be assessed to duty / taxes @ following Customs Values:-

S. No.	Description of goods	H.S. Code	PCT for WEBOC	Origins	Customs Values (C&F) US\$/Kg (On net weight basis)

B	Desiccated Coconut Low Fat	0801.1100	0801.1100.1100	All origin	1.20

6. Furthermore, if subject goods are imported but do not specifically fall under the above provided description then the Collectorate may assess the same under section 25 of the Act or may invoke section 81 of Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values determined in this Ruling.

7. Validity of this Valuation Ruling: The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969. In case imported items are not specifically fall under any of above mentioned brands, the same may be assessed under Section 25-A, otherwise if appropriate the same may be referred to Directorate of Customs Valuation for necessary action at their end.

8. Revision of the value determined vide this Valuation Ruling: A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

9. The Collectors of Customs may kindly ensure that the values given in the Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of Directorate General immediately. Customs values determined in the ruling are for the description and specification as mentioned herein.
