Determination of Customs Values of Wheel Rim (Alloy / Other than Alloy) under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 144 / 2020)

No.Reg-Misc/20/2010-VIIIA

Dated: 2, March, 2020

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, Customs values of Wheel Rim (Alloy/ other than Alloy) of Vehicles are determined as follows:

- Background of the Valuation Issue:** The Values of Wheel Rim (Alloy/ other than Alloy) of vehicles was issued under Section 25A of the Customs Act, 1969, vide Valuation Ruling No. 921/2016 dated 31-08-2016. On after issuance of CGO 17/2019 dated 19th September 2019, wherein the unit of measurement of (Alloy/ other than Alloy) Rims was changed from kilogram to per piece, a Valuation Ruling No. 1421/2019 dated 02-11-2019 was issued to re-vamp the said unit of measurement. As the values of goods were not given due consideration at the time of said re-vamping process, an exercise was initiated in this Directorate General to bring the values in conformity with the prevalent international prices.
- A meeting notice was issued for 19-02-2020 but neither anybody turned up to attend the meeting, nor any adjournment was sought. Consequently, another hearing notice was issued for meeting on 28-02-2020, but only the representatives of M/s Atlas Honda and M/s Indus Motors attended the meeting. No one from commercial importer's side attended the meeting. In given scenario, issuance of another meeting notice was found to be useless.
- Method adopted to determine Customs Values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at Customs values of subject goods. The transaction value method as provided in sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to wide variation of values displayed in the import data. Moreover, no one attended the meeting nor submitted any document in this regard. Hence, requisite information required under law was not available to arrive at the correct transaction value. Therefore, identical / similar goods value method as provided in sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case but due to wide variations in declarations, these methods could not be relied upon exclusively. In line with the statutory sequential order

of Section 25, this office conducted a number of inquiries from various markets to arrive at Customs values under sub-Section (7) of Section 25 of the Customs Act, 1969. Finally reliance had to be made on sub-Section (7) of Section 25 of the Customs Act, 1969 to determine Customs values of Wheel Rim (Alloy/ other than Alloy) of vehicles.

5. **Customs Values for Wheel Rim (Alloy/ other than Alloy) Vehicles:** Wheel Rim (Alloy/ other than Alloy) of Vehicles *hereinafter specified* shall be assessed to duty / taxes at the following minimum Customs values:-
