**DETERMINATION OF CUSTOM VALUES OF MOBILE ACCESSORIES UNDER  
SECTION 25-A OF THE CUSTOMS ACT, 1969**

**(VALUATION RULING No. 1448/2020)**

No. Misc/20/2016-VII/3068

Dated: 2<sup>nd</sup> June, 2020

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, Customs values of Mobile Accessories are determined as follows:

**2. Background of the valuation issue:** Earlier customs values of Mobile Accessories were determined under section 25-A of the Customs Act, 1969, vide Valuation Ruling No. 908/2016 dated 12-08-2016. The Valuation Ruling was very old and values in the international market had shown upward trend. Moreover, a number of new accessories had also been introduced in market. Therefore, an exercise was initiated to determine the customs values afresh of Mobile Accessories under Section 25-A of the Customs Act, 1969.

**3. Stakeholders' Participation in Determination of Customs Values:** Meetings with all the importers / stakeholders and trade bodies, were held in this Directorate General on 21-08-2019 and 13-01-2020. The importers / stakeholders were requested to submit their proposals / suggestions as well as following documents before or during the course of stakeholders' meetings so that Customs values could be determined:

- i) Invoices of imports during last three months showing customs value.
- ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

4. Importers neither attended the scheduled meetings nor submitted any import related documents to this Directorate General, despite being given reasonable opportunities of hearings.

**5. Method adopted to determine Customs Values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to arrive at Customs values of subject goods. The transaction value method as provided in sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to wide variation of values displayed in the import data. Moreover, neither anyone attended the meeting nor submitted the documentary evidences to prove that their declared value was true transactional value. Hence, requisite information under law was not available to arrive at the correct transaction value. Therefore, identical/ similar goods value methods as provided in sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case but due to wide variations in declarations, variety and specifications, these methods could not be relied upon exclusively. In line with the statutory sequential order of Section 25, this office conducted a number of inquiries from various markets to arrive at Customs values under sub-Section (7) of Section 25 of the Customs Act, 1969. Finally

reliance had to be made on sub-Section (7) of Section 25 of the Customs Act, 1969 to determine Customs values of Mobile Accessories.

**6. Customs values for Mobile Accessories:** Mobile Accessories *hereinafter specified* shall be assessed to duty/ taxes at the minimum Customs values as per Table-A and B.-
