**DETERMINATION OF CUSTOMS VALUES OF MOBILE PHONE ACCESSORIES UNDER
SECTION 25A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 1639 / 2022)

No. Misc/20/2016-VII/413

Dated: 29th April, 2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Mobile Phone Accessories are determined as follows:

2. Background of the valuation issue: Earlier the customs value of mobile phone accessories was determined vide Valuation Ruling No. 1462/2020 dated 11.08.2020. Importers and different trade bodies agitated over the customs value given in the above referred Valuation Ruling. Subsequently, a meeting was held in Federation of Pakistan Chamber of Commerce and Industry (FPCCI) with Directorate General of Customs Valuation on 25-05-2021, where the chamber requested to re-look the issue of values determined giving due consideration to their point of view. Moreover, FPCCI, through a representation No. FPCCI-FBR & MA WING-FBR/2022-146 dated 03-03-2022 requested to revise the value of mobile phone accessories to reflect true transactional values. Accordingly, an exercise to determine the Customs values of the subject goods afresh was initiated under Section 25A of The Customs Act, 1969.

3. Stakeholders' participation in determination of Customs values: Meetings were held on 18-11-2021, 10-01-2022 and 17-03-2022 with stakeholders including the representatives of importers and trade bodies. All the participants were requested to submit following documents so that correct customs values could be determined:-

- i. *Invoices of imports during last three months showing factual value.*
- ii. *Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained*
- iii. *Copies of Contracts made / LCs opened during the last three months showing the value of item in question.*
- iv. *Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.*

4. The Meetings were attended by different importers. They questioned the categorization of their brands and qualifies and values mentioned in earlier ruling thereof and provided documentary evidences of different mobile phone accessories. They were also of the opinion that some higher values given in earlier Ruling has caused the goods being smuggled into Pakistan in large scale. The online values were also referred from different online market places as well as whole sale market to cross check the prevalent international and domestic prices.

5. Method adopted to determine Customs values: Valuation methods provided under Section 25 of the Customs Act, 1969 were followed. Transaction value method provided given in Section

25(1) was found inapplicable because the requisite information was not available. Identical / similar goods value Methods provided in Section 25(5) & (6) were examined which provided some reference values but due to wide variation could not be exclusively relied on. Deductive Value Method as envisaged under Section 25(7) of the Customs Act, 1969. Online Prices were also checked within the meaning of proviso to sub-section (1) of Section 25A inserted vide Finance Act, 2021. Finally, PRAL database, market information and international prices through Web were examined thoroughly, all the information so gathered was analyzed for determination of Customs Value of the subject good. Consequently, Deductive Value Method as provided under section 25(7) of the Customs Act, 1969 was applied to arrive at assessable customs values of Mobile Accessories.

6. Customs Values *hereinafter specified* shall be assessed for duty / taxes at the following minimum values:-
