**DETERMINATION OF CUSTOMS VALUES OF SWEET CORN, CANNED PINEAPPLE &
FRUIT COCKTAIL UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING No. 1650/2022)

C. No. Misc/18/2009-I/503

Dated: 18th May, 2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969 Customs values of Sweet Corn, Canned Pineapple & Fruit Cocktail are determined as follows:-

2. Background of the valuation issue: Earlier, the customs value of Sweet Corn, Canned Pineapple & Fruit Cocktail was determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1590/2022 dated 18.01.2022. A review petition was filed by the importers under Section 25D of the Customs Act, 1969. The Director General (Customs Valuation) set aside the said Valuation Ruling vide Order in Revision No.30/2022 dated 14-04-2022 with the direction to undertake fresh exercise under Section 25A of the Customs Act, 1969 to determine the Customs value of subject goods specially with reference to brands, weight and prevailing international prices. Accordingly, an exercise was initiated under Section 25A of The Customs Act, 1969 to determine afresh the customs value of subject goods.

3. Stakeholders' participation in determination of Customs value: Meeting was held on 26-04-2022 with the importers and other stakeholders. The importers of the subject goods submitted that the suppliers of all the local brands from Philippines and Thailand are mostly same and the prices are stable in the exporting countries. The importers further contended that current market trend may be considered while determining the value of the subject goods. The stakeholders were requested to submit the following documents before or during the course of stakeholder's meetings:

- i. *Invoices of imports during last three months showing customs value.*
- ii. *Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.*
- iii. *Copies of Contracts made / LCs opened during the last three months showing the value of item in question.*
- iv. *Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.*

The Stakeholders did not provide the complete documents including sales tax invoices despite repeated requests.

4. Method adopted to determine Customs values: Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs value of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because requisite information was not available as per law. The wide variation of values displayed in the import data as available on record also strengthened the aforementioned fact. Hence requisite information under law was not available to arrive at the transaction value. Therefore, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 *ibid* were examined for applicability to the valuation issue in the instant case. The same provided some reference values but could not be exclusively and solely relied upon. In line with

the statutory sequential order of Section 25, this office conducted market inquiries under sub-Section (7) of section 25 of the Customs Act, 1969 however; this method of valuation could not be exclusively relied upon. Therefore, valuation method vide Section 25(8) was examined for valuation but the same also could not be applied as conversion cost from the constituent material and allied expenses, at the country of export were not available for manufacturing of the subject goods. Finally, clearance data, market information and international prices through internet were examined thoroughly and the information so gathered was utilized for determination of customs values of the subject goods under Section 25(9) of the Customs Act, 1969.

5. Customs values for Sweet Corn, Canned Pineapple & Fruit Cocktail - hereinafter specified shall be assessed to duty/ taxes at the following minimum Customs Values:-
