**DETERMINATION OF CUSTOMS VALUES OF METALLIC YARN UNDER SECTION 25-**  
**A OF THE CUSTOMS ACT, 1969**

**(VALUATION RULING No. 1803/2023)**

No. Misc/02/2010-IV/841

Dated: 12<sup>th</sup> September, 2023

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Metallic Yarn are determined as follows:

**2. Background of the valuation issue:** Earlier, the Customs values of Metallic Yarn were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1791/2023 dated 26-06-2023. The same was remanded, vide Order in Revision No. 46/2023 dated 04.08.2023, to the Director of Customs Valuation, Karachi for denovo consideration with directions to undertake a fresh exercise under Section 25A of the Customs Act, 1969, as per law Representation was received from M/s. Pakistan Yarn Merchant Association (FYMA), for revision/re-determination of Customs values for the subject items. The PYMA argued that the values of subject goods had shown downward trend in the international market and the Customs values so determined (vide the afore-referred Valuation Ruling) were not reflective of prevailing prices in international market; therefore, they requested to undertake a fresh exercise to determine the customs value of the impugned goods.

**3. Stakeholders' participation in determination of Customs values:** Meeting was convened on 11.09.2023 which was attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meeting.

**4. Analysis / Exercise done to determine Customs Values:** The members of PYMA contended that the values - declared by them, along-with those provided to the Valuation Department through contracts / invoices / Proposal finalized by them with their suppliers - should be accepted. According to them, the prices in the international market had decreased considerably. So, they made the case that existing customs values of the impugned goods should be reduced accordingly. They stated that decrease in values of metallic yarn in the international market had taken place. In furtherance of the exercise to determine the customs values of metallic yarn, Ninety (90) days' data was also retrieved and the same was scrutinized.

**5. Method(s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in their sequential order to arrive at the Customs value of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of additional information under sub-section (2) of Section 25 of the Customs Act, 1969 required to arrive at correct transaction value. Therefore, identical goods value methods provided in Section 25(5) ibid was examined for applicability to determine Customs value of subject goods. The data indicated the range of values, declared by the importers, from US\$ 3.05/Kg to US\$ 5.4/Kg. On the basis of available data/information collected and exercise conducted the values of Metallic Yarn have been determined under sub-section (5), read with Section 25(9), of Section 25 of the Customs Act, 1969.

**5. Customs values for Metallic Yarn:** The Metallic Yarn hereinafter specified shall be assessed to duty/taxes at the Customs values as per the following Table.
