DETERMINATION OF CUSTOMS VALUES OF OLD & USED AUTOPARTS UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING No. 1810/2023)

No. Reg.Misc/07/2008-VIIIA/915

Dated: 10th October, 2023

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, Customs values of Old & Used Auto parts are determined as follows:

Background of the valuation issue: Earlier customs values were determined and notified vide Valuation Ruling No.1714/2022 dared 21-12-2022. A representation was received from Model Customs Collectorate, Islamabad for redetermination of custom values of old and used auto parts and further inclusion of 86 more items in the new Valuation Ruling. Therefore, an exercise has been undertaken by the Directorate to determine the same.

2. Stakeholders' participation in determination of Customs values: Meetings were convened on 17.07.2023 and 01.08.2023 which were attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings.

3. Analysis / Exercise done to determine Customs values: During the meetings, importers argued that prices of old and used auto parts vary in the market on basis of their condition, type and use in any peculiar vehicles. They further contended that due to increase in rate of dollar and maximum duty structure, any increase in existing values would be detrimental to the trade. Internationally, old and used auto parts are considered as scrap; therefore, the values determined in the existing Valuation Ruling may be decreased. For this purpose, Ninety (90) days' data of import was also retrieved and the same was scrutinized. It was observed that the total import volume of old and used Auto Parts decreased in FY 2022-23 due to host of reasons. Subsequently, market inquiry was conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25(7) read with Section 25(9) of the Customs Act, 1969.

4. Method (s) adopted to determine Customs values: Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to wide variation of values in import data. Moreover, the requisite information under law was not available to arrive at correct/transaction value. Therefore, identical/similar goods value methods provided in Sections 25(5) & (6) ibid were examined for applicability to determine Customs values of subject goods. The data provided some references; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of quantities and qualities, variation in declaration and specifications. Information available was, hence, found incomplete. In line with statutory sequential order of Section 25 of the Customs Act, 1969, this Directorate resorted to Deductive value method and conducted market survey under sub-Section (7) of Section 25 of the Customs Act, 1969. Various markets were checked to observe the actual prices of old and used auto parts. On the basis of available data I information collected and exercise conducted, the values of old and used auto parts have been determined under sub-Section (7), read with sub-Section (9) of Section 25 of the Customs Act, 1969.

6. In cases, where declared values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officers shall take into account the difference between air freight and sea freight while applying the Customs values in this Ruling.

7. Validity of this Valuation Ruling: This Ruling, containing the Customs values for assessment of subject imported goods, shall be applicable until and unless the same are rescinded or

revised by the competent authority in terms of sub-Section (4) of Section 25A of the Customs Act, 1969.

8. Revision of the values determined vide this Valuation Ruling: If aggrieved, a revision petition may be filed against this ruling as provided under Section 25D of the Customs Act, 1969, within 30 days from the date of its issuance, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

9. The Collectors of Customs may kindly ensure that the values given in the Valuation Ruling, for the given description of goods, are applied by the assessing officers / officials without fail. Any anomaly observed may kindly be brought to the notice of this Directorate immediately. The Customs values determined in this ruling are for the descriptions and specifications as mentioned in Para-6 of this Ruling. HS Codes are mentioned for illustrative purposes so that Valuation Ruling is made accessible to the assessing officers. The assessments shall be finalized on the basis of correct classifications after fulfilling all formalities related to importability or other certifications required thereon.

10. This ruling supersedes Valuation Ruling No. 1714/2022, dated 21-12-2022.

(FAYAZ RASOOL MAKEN) Director
