**DETERMINATION OF CUSTOM VALUES OF BOPET/ HOLOGRAPHIC & PET SEQUIN
FLIM UNDER SECTION 25-A OF THE CUSTOMS ACT. 1969**

(VALUATION RULING NO. 1841/2024)

No. Misc/01/2007-II/48

Dated: 19th January, 2024

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of BoPET/Holographic & Pet Sequin Film are determined as follows:-

2. Background of the valuation issue: Earlier, the customs values of BoPET/ Holographic & Pet Sequin Film were determined vide Valuation Ruling No. 1204/2017 dated 22.08.2017. Several representations were received in this Directorate to re-determine Customs values of the said goods afresh in line with values prevalent in the international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.

3. Stakeholders' participation in determination of Customs values: Meetings were convened on 05.09.2023 & 14.09.2023 which were attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meeting. The stakeholders submitted their proposals and the same were considered pertaining to the valuation of subject goods.

3. Analysis / Exercise done to determine Customs Values: The importers contended that the Customs values of BoPET/ Holographic & Pet Sequin Film are on higher side as compared to the prices in the international markets. Therefore, the existing Valuation Ruling needs to be revised downwards according to the prevailing prices in the international markets. The participants also submitted proposals in this regard. Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. The available data / information collected such as Export GDs, Sales Tax Invoices of the stakeholders was thoroughly scrutinized.

4. Method (s) adopted to determine Customs values: Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in their sequential order to arrive at the Customs value of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. The data provided some applicable reference values. Subsequently, similar goods value method provided in Section 25(6) was examined for applicability to determine Customs value of subject goods. The assessed values in similar goods import data of BoPET/ Holographic & Pet Sequin Film for the last 90 days of various origins reflected values as per previous VR No. 1204/2017 dated 22.08.2017. However, Declared Values (DV) of similar goods had shown consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub-section (7) of Section 25 of the Customs Act, 1969 was also conducted but could yield no results because BoPET/ Holographic & Pet Sequin Film, being industrial goods, were not readily available in the local market. In line with statutory sequential order of section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from

the constituent materials and allied expenses, in the country of export, were not available for manufacturing of BoPET/ Holographic & Pet Sequin Film. Finally, the Customs values of the subject goods have been determined under Section 25(9), read with Section 25(5), and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Act may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.
