DETERMINATION OF CUSTOMS VALUES OF ABRASIVE PRODUCTS UNDER
SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING No. 1872/2024)

C. No. Misc/19/2010-V/336

Dated: 4th April, 2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs value of Abrasive Products are determined as follows:

- 2. Background of the valuation issue:** Earlier, the Customs values of Abrasive Products were determined vide Valuation Ruling No. 1658/2022 dated 16-06-2022. As the prices of the said goods have considerably changed in the international market, this Directorate initiated an exercise for fresh determination of Customs Value of subject goods under Section 25A of the Customs Act, 1969.
- 3. Stakeholders' participation in determination of Customs value:** Meetings were convened on 13.09.2023 and 29.02.2024 which were attended by relevant stake holders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings.
- 4. Analysis / Exercise done to determine Customs Values:** The importers informed that the customs values in the existing Valuation Ruling are on the higher side, which may be rationalized considering the worldwide recession and existing freights which have decreased substantially. In this regard, they were requested to submit the requisite documents to support their contention and some of the importers submitted the requisite documents. Moreover, recent import data has been scrutinized and market inquiry has been conducted of the subject goods in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25(7) read with Section 25(9) of the Customs Act, 1969.
- 5. Methods Adopted to Determine Customs Value:** Valuation methods, provided in Section 25 of the Customs Act, 1969, were duly applied in regular sequential order to arrive at customs value of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because no substantial documents were provided by the stakeholders to prove that their declared values were true transactional values. Moreover, different values were declared by different importers for same product according to different origins. Identical/similar goods value methods provided in Sections 25 (5) & (6) ibid were examined for applicability to determine customs values of subject goods. The data provided some references; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of qualities and quantities of commercial level etc. Information available was, hence, found inappropriate. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted, various wholesale markets were visited to observe the actual prices of Abrasive Products of different origin and brand. The exercise provided some applicable reference values. Valuation method vide Section 25(8) of the Customs Act, 1969, was examined for valuation, but the same also could not be applied due to non-availability of conversion and processing cost of exporting country. Finally, the Customs values of the subject goods have been determined under Section 25(9), read with Section 25(7) of the Customs Act, 1969, and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Customs Act 1969 may be inclusive of those laid down in sub-sections (1),

(5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.
