SUBJECT: <u>DETERMINATION OF CUSTOMS VALUES OF TYRES AND TUBES-I</u> (PASSENGER CARS) UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

1.	Valuation Ruling	Redetermination / revision of values of earlier Valuation Ruling No.							
		1820/2023 dated 25.10.2023.							
2.	Date of meetings with	The meetings with relevant stakeholders were conducted on							
	stakeholders	03.09.2024.							

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Tyres & Tubes of Passenger Cars are determined as follows:

- Background of the Issue: Earlier, the Customs values of Tyres & Tubes of different types and sizes including those of Tyres & Tubes-I (Passenger Cars) were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No. 1820/2023 dated 25.102023 This Valuation Ruling was challenged under Customs Appellate Tribunal Bench-III, Karachi who passed Order in Appeal No.K-248/2024 & K-249/2024 dated 08-08-2024 & Order in Appeal No.K-205/2024 dated 16-05-2024. In the subject orders, the Directorate of Customs Valuation, Karachi was directed to re-visit the values of the goods in question. Therefore, an exercise was initiated by the Directorate of Customs Valuation, Karachi to re-determine the Customs Values of the subject goods in terms of Section 25A of the Customs Act,1969. In this regard, meeting with stakeholders dated 03.09.2024. However, different stakeholders requested to re-determine Customs values afresh in line with values prevalent in the international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.
- **3. Analysis to determine Customs Values:** Ninety (90) days' data has been scrutinized and market inquiry has also been conducted. International and retail market prices have also been considered for determination of fair customs values.
- **4. Method(s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to wide variation of values in import data. Moreover, the requisite information under law was not available to arrive at correct / transaction value. Therefore, identical/similar goods value methods provided in Sections 25(5) & (6) ibid were examined for applicability to determine Customs values of subject goods. The data provided some references; however,

it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of quantities and qualities, variation in declaration and specifications. Information available was, hence, found incomplete. In line with statutory sequential order of Section 25 of the Customs Act, 1969, this Directorate conducted market survey under sub-Section (7), read with Section 25(9), of Section 25 of the Customs Act, 1969. Various Wholesale and Retail Markets were visited to observe the actual prices of Tyres and Tubes. On the basis of available data / information collected and exercise conducted the values of Tyres and Tubes have been determined under sub-Section (7), read with sub-Section (9), of Section 25 of the Customs Act, 1969.

- **5. Customs values of Tyres and Tubes-I (Passenger Cars)** *hereinafter specified* shall be assessed to duty / taxes at the Customs values as per attached **Annex-A**, which forms integral part of this Valuation Ruling along with the following condition:-
 - (i) If a radial tyre is imported which is not covered in this Ruling and whose specifications ore similar to normal tyre except for being radial, such tyres may be assessed at 12% o higher value than that of the normal tyre.
 - (ii) Values of the tyres with different "ply" not mentioned in the instant ruling shall be assessed by adding or subtracting from the determined value @ 3% per two ply rating.
 - (iii) Discount of 5% is admissible for import of tyres and tubes through land route on C&F value determined by this Directorate.
 - (iv) If tyres and tubes having specifications other than those mentioned in the valuation ruling are imported, the Collectorates may assess the goods under Section 25A of the Customs Act, 1969 or may refer the case to this Directorate General for suitable advice.
- 5. The values determined in this Valuation Ruling shall be treated as minimum benchmark values. In cases, where declared values or values in invoice retrieved from the consignment, as the case may be, are higher than the customs values determined in this valuation ruling, the assessment shall be made on higher values in terms of sub-section (1) of Section 25 of the Customs Act, 1969
- 6. In case of consignments imported by air, the difference between air freight and sea freight shall be added for the assessment of value.
- 7. The Valuation Ruling shall be applicable for the descriptions and specifications of goods as mentioned in the aforementioned table. HS Codes are mentioned for illustrative purposes.
- 8. The Collectorates of customs shall ensure the implementation of VR and in case of any anomaly may be brought to the notice of this Directorate immediately.
